

**“Update – Addiction Medicine”
Seminar and “Buprenorphine and
Office-Based Treatment of Opioid
Dependence” Course**

PROGRAM OVERVIEW

WHO SHOULD ATTEND

“Update – Addiction Medicine”

This program is recommended for physicians, social workers, psychologists and other health care workers who have an interest in addiction medicine.

“Buprenorphine and Office-Based Treatment of Opioid Dependence”

This program is recommended for physicians and health care professionals with experience and/or interest in treating opioid dependence. This program is also recommended for primary care, pain management, Ob/Gyn, psychiatric, addiction medicine physicians (including residents).

CONTINUING MEDICAL EDUCATION CREDIT

Genesys Regional Medical Center, an organization accredited by the MSMS Committee on CME Accreditation, designates this activity meets the criteria for a maximum of 8 hours in Category 1 Credit toward the requirement for Michigan relicensure and of the Physician’s Recognition Award of the AMA, provided it is completed as designed. This program anticipates being approved for 8 AOA Category 1-A CME credit hours pending approval by the AOA CCME.

PROGRAM GOALS & OBJECTIVES

After participating in this course, participants should be better able to describe:

- The prerequisites for a physician to begin to prescribe buprenorphine in office-based practice
- The clinically relevant pharmacological characteristics of buprenorphine
- Factors to consider in determining if a patient is an appropriate candidate for office-based treatment
- Introduction and maintenance protocols
- Strategies for integrating psychosocial care with office-based pharmacological treatment
- Treatment strategies for management of chronic and acute pain in patients with maintenance treatment for opioid dependence

The Drug Addiction Treatment Act of 2000 (PL106-310, section 3502) permits physicians who are trained or experienced in opioid addiction treatment to obtain waivers to prescribe certain narcotic drugs in Schedule III, IV, or V of the Controlled Substance Act, in their office practices or in a clinical setting, for the treatment of opioid dependence. Both buprenorphine sublingual and the combination of buprenorphine/naloxone are approved by FDA for use in detoxification and maintenance treatment of opioid dependence.

Physicians are qualified if they are certified in Addiction Medicine or Addiction Psychiatry. As part of the requirements to obtain the waiver, physicians not otherwise qualified must complete not less than 8 hours of training. Physicians who complete this 8-hour course will meet the training requirements under the new law and will receive a certificate of attendance suitable to send to the Secretary of HHS along with the request for the waiver. If you give ASAM/AOAAM permission to do so, we will report your name directly to the Secretary of HHS within 4 weeks of the program, if you have attended the full 8 hours, eliminating the need for you to send the certificate of attendance.

Because we will be called upon to confirm that participants have attended a full 8 hours, you must bring a photo identification to show as part of the sign-in process. We must confirm your attendance with your signature at the beginning of both the morning and the afternoon sessions; and you must sign out at the conclusion of the program.

Genesys Regional Medical Center (GRMC) and
Michigan Society of Addiction Medicine (MSAM) presents:

**“Update –
Addiction Medicine”
Seminar and
“Buprenorphine
and Office-Based
Treatment of Opioid
Dependence” Course**

Wednesday, February 9, 2005
8:00AM – 5:30 PM

Genesys Regional Medical Center
One Genesys Parkway
Grand Blanc, MI 48439

Program Location:
Genesys Banquet and Conference Center

Supporting Organizations:
American Society of Addiction Medicine (ASAM)
American Osteopathic Academy of
Addiction Medicine (AOAAM)

*physicians who attend the full 8-hours of this course will be eligible to request a waiver to practice medication-assisted addiction therapy with Buprenorphine, for the treatment of opioid dependence.

PROGRAM REGISTRATION

PROGRAM FACULTY

TOPICS TO BE DISCUSSED

DIRECTIONS

Registration Fees:

- ▶ \$100 ASAM/ AOAAM Members
- ▶ \$125 non-ASAM/ AOAAM Members
- ▶ \$90 Genesys Century Club Members**
- ▶ \$75 non-Physicians
- ▶ \$25 Residents**

** Century Club Members and Residents will ONLY BE CHARGED if they attend the full 8-hour course (see cover letter).

Pre-registration is recommended (**only for the 8-hour course**), as space is limited and registrations are accepted on a first come, first served basis.

Cancellation Policy: The deadline to cancel with a refund is January 26, 2005. Only 50% of the registration fee will be refunded. There will be no refunds on cancellations received after this date.

Registration Methods:
Complete this form and submit by Fax or Mail
Make all checks payable to: Genesys Regional Medical Center
Address: Medical Education Department (CME)
One Genesys Parkway
Grand Blanc, MI 48439
Fax: (810) 606-5990

**** Additional Faculty Members/Presenters May be Added**

To fully complete the form necessary to prescribe Buprenorphine, please bring your DEA number and your group or solo practice Tax ID employer identification number, as well as, the names and DEA numbers of all other physicians in your practice.

- ▶ Overview of Opioid Dependence
- ▶ Rationale for Opioid Agonist Treatment
- ▶ Legislative Changes Allowing Office-Based Treatment of Opioid Dependence, including the Drug Addiction Treatment Act of 2000
- ▶ Pharmacology of Buprenorphine and Buprenorphine/Naloxone
- ▶ Efficacy and Safety of Buprenorphine
- ▶ Clinical Use of Buprenorphine and Buprenorphine/Naloxone including Induction, Maintenance and Pharmacologic Withdrawal
- ▶ Patient Assessment and Selection
- ▶ Office Procedures and Logistics
- ▶ Psychiatric Co-Morbidity in Opioid Dependent Patients
- ▶ Medical Co-Morbidity in Opioid Dependent Patients
- ▶ The Role of Psychosocial Counseling in the Treatment of Opioid Dependence
- ▶ Special Treatment Populations, including the Management of Patients who Develop Pain while receiving Buprenorphine/Naloxone, Pregnancy and Adolescents

7:00 – 8:00AM	Registration and Mandatory Sign-in
8:00AM – 3:30PM	“Update – Addiction Medicine” Seminar (Congdon Lecture Series)
8:00AM - 5:30PM	“Buprenorphine and Office-Based Treatment of Opioid Dependence” (Full Course - For Waiver)
12:00Noon - 1:00PM	LUNCH
5:30PM	Mandatory Sign-Out for Waiver

From the North: I-75 south to Holly Road exit 108. Turn right at the exit ramp traffic light, then right at the next traffic light - Genesys Parkway - the main entrance to Genesys Health Park. At the 4-way stop, turn left toward the Genesys Banquet and Conference Center.

From the East: I-69 west to 475 south to I-75 south to Holly Road exit 108. Turn right at the exit ramp traffic light, then right at the next traffic light - Genesys Parkway - the main entrance to Genesys Health Park. At the 4-way stop, turn left toward the Genesys Banquet and Conference Center.

From the West: I-69 east to I-75 south to Holly Road Exit 108. Turn right at the exit ramp traffic light, then right at the next traffic light - Genesys Parkway - the main entrance to Genesys Health Park. At the 4-way stop, turn left toward the Genesys Banquet and Conference Center.

From the South: I-75 north to Holly Road exit 108. Turn left at the exit ramp traffic light, then right at the second traffic light - Genesys Parkway - the main entrance to Genesys Health Park. US-23 north to Thompson Road exit 84. Turn right at the exit traffic light and then left at the next traffic light (Torrey Road). Turn right at the next traffic light (Baldwin Road). At Holly road traffic light turn left and then left again at the next traffic light - Genesys Parkway - the main entrance to Genesys Health Park. At the 4-way stop, turn left toward the Genesys Banquet and Conference Center.
